SPECIALIST CLEANERS

Global Advantech's Cleaners and Rubber Deposit Removers are not flammable and are completely biodegradable. They contain **NO** aromatic or halogenated solvents, terpenes, strong acids or alkalis, phosphates, nitrates, nitrites or alkyl phenol ethoxylates.

Code	Product	Removes	Applications
CM111	GP GREEN CLEANER	Oils and greases Dirt	Floors: concrete, coated (epoxy, polyurethane), vinyl, wood, ceramic, quarry tile, etc. Hard surfaces: walls, etc. <i>Spray, pressure washer, cleaning machine, sponge, mop, etc.</i>
CM712	INDUSTRIAL HARD SURFACE CLEANER	Oils and greases Dirt	Floors: concrete, coated (epoxy, polyurethane), vinyl, wood, ceramic, quarry tile, etc. Hard surfaces: walls, etc. <i>Spray, cleaning machine, sponge, mop, etc.</i>
CM702	RUBBER DEPOSIT REMOVER	Tyre marks Rubber scuff marks	Factories, warehouses Car repair workshops, showrooms, garages Shopping centres, malls, shops <i>Spray on, wipe on/wash off</i>
CM701	HEAVY DUTY RUBBER DEPOSIT REMOVER	Tyre marks	Airport runways, stands, maintenance hanger floors Factories, warehouses Car repair workshops <i>Spray on, wipe on/wash off</i>
CM680	NON-HAZARDOUS PAINT AND VARNISH REMOVER	Paints: alkyd, acrylic, etc. Polyurethane varnishes	Concrete, brickwork, ceramics, quarry tiles, rock, etc. Wood, metal, glass <i>Spray, wipe, wash off</i>
CM739	AQUEOUS PAINT BRUSH CLEANER	Wet paints	Paints: alkyd, acrylic, polyurethane, oil based and emulsion <i>Soak and agitate, rinse off</i>

COATINGS

Global Advantech's have been formulated using "state-of-the-art" chemistry, with a lower potential environmental impact than traditional materials. The permanent floor coatings are exceptionally hard wearing and have high gloss finishes.

Code	Product	Applications
CM721	HIGH SOLIDS POLYMER SEAL	High solids polymer seal and polish for all floor surfaces, including epoxy, polyurethane, vinyl, coloured screeds, etc.
CM722	GENERAL PURPOSE POLYMER SEAL AND POLISH	General purpose, medium solids, polymer seal and polish for all floor surfaces, including epoxy, polyurethane, vinyl, coloured screeds, etc.
CM723	MAINTENANCE POLYMER POLISH	Polymer polish for maintaining all floor surfaces, including epoxy, polyurethane, vinyl, coloured screeds, etc.
CM725	HEAVY DUTY GLOSS RESTORER	Heavy duty high gloss restoration coating for epoxy and polyurethane coated floors in factories, warehouses, car parks, etc., after deep cleaning and rubber tyre mark removal using Heavy Duty Rubber Deposit Remover CM701 or Rubber Deposit Remover CM702 and Industrial Hard Surface Cleaner CM712 Heavy duty, high gloss coating for power floated concrete, cementitious and epoxy filled screed and other floor surfaces
CM726	GENERAL PURPOSE GLOSS RESTORER	High gloss restoration coating for epoxy and polyurethane coated floors in factories, warehouses, etc., after deep cleaning and rubber tyre mark removal using Heavy Duty Rubber Deposit Remover CM701 or Rubber Deposit Remover CM702 and Industrial Hard Surface Cleaner CM712
